

PRESS RELEASE

March 9, 2010

SWEEPING PROGRAM

The Vernon Public Works' annual sweeping program will begin March 22, weather permitting.

Residents and business owners are required to sweep the sand from their sidewalks, driveways, and handicapped ramps (if any in area) into the gutter in long rows rather than piling it for collection when the sweeper is in their area. The sand should not be swept into the gutter in a large pile because deep sand retains moisture and is difficult for the sweeping machine to pick up.

If it is necessary for residents to park on the street we must ask that they move their vehicles when the trucks are in the vicinity of their homes so that the street may be swept.

Public Works office hours are Monday through Friday from 7:00 AM until 3:30 PM.

Visit our website at vernon-ct.gov.
